Mental Health Therapist – Young Children

About Maltby Centre

As the Lead Agency for Children's Mental Health and Autism Services, Maltby Centre provides a broad range of supports and services to children, youth and families in South Eastern Ontario. Our model is based in collaborative leadership both within our organization and in our community. Creating possibilities for change in young lives, we invest in our staff and support excellence in their provision of services.

About Children's Mental Health Services

Child and Youth Mental Health is an exciting, challenging and rewarding field, particularly at this time of system transformation. We are looking for a candidate who is driven by a strong desire to create possibilities for change in young lives, and enjoys working in an engaging and collaborative way.

About You

We are seeking a candidate who is passionate about providing high quality child and youth mental health services. This position is based in Kingston.

About the Role

The Mental Health Therapist provides assessment, case management, intervention and trauma treatment services to children, youth and their families to address mental health problems that are impacting on their functioning at home, in school and/or in the community. Within their scope of practice, the incumbent also provides supports and interventions utilizing evidence-informed therapeutic approaches and clinical practices. In addition, this position provides individual and program consultation to community programs serving children and youth as well as clinical expertise around mental health issues for children under six years.

Work as part of Maltby Centre's Counselling and Therapy Team, to ensure that those who reach out receive high quality, accessible, evidence informed mental health services.

Why Maltby Centre?

- ✓ Opportunity to work as part of a progressive inter-professional team of professionals
- ✓ An engaging place to work with excellent compensation, pension and benefits

Responsibilities

- ◆ Provide clinical mental health services (assessment, intervention and case management) to children and their families
- ◆ Individual and group counselling and program consultation to community programs, with emphasis on services for children from birth to age six and their families, and trauma treatment services
- ◆ Provide mental health treatment, prevention and early intervention services
- ◆ Clinical casework (assessment, intervention and case management) services to children and their families
- ◆ Prevention and early intervention services
- ◆ Community development and education regarding children's mental health issues

Skills and Qualifications

- ◆ Academic preparation to practice the controlled act of psychotherapy
- ◆ Formal training in family and individual counselling with children and youth, utilizing a variety of therapeutic approaches and clinical practices
- ◆ At least three years' full-time paid work experience working with children and youth with mental health issues that affect their functioning in areas such as home, school or the community
- ◆ Must be a Registered Psychotherapist or must hold a current unrestricted registration with a regulatory college with requisite qualifications to perform the controlled act of psychotherapy
- ◆ Preference will be given to those candidates who are bilingual
- ◆ Valid Province of Ontario driver's license as well as automobile insurance with a minimum liability of one million dollars for *business purposes*
- ◆ Satisfactory Criminal Record Check (including Vulnerable Sector Screening) and Pre-Employment health assessment

Application Process
